

ARE YOU ONLY HALF COVERED?

PROTECT YOURSELF AND YOUR FAMILY WITH A MORTGAGE PROTECTION POLICY!

Now that a world-wide pandemic is news, you may have started to consider the necessity of purchasing a mortgage insurance policy or wonder how the outbreak might shape the policy you already have.

No matter how old you are, how much money you make, or what kind of healthcare coverage you have, you're still at risk of losing your assets & your standard of living.

In the case of an unexpected illness or accident, your expenses will go up, and your income will go down—resulting in debt that could leave you financially paralyzed.

Even if you have health insurance, if you become totally disabled and cannot earn a paycheck, how would your family maintain their standard of living?

- The doctors get paid
- The hospital gets paid
- Who pays you?

It's time to consider a Mortgage Protection Policy that covers the life events that might affect your family.

THIS IS HOW YOU BECOME FULLY COVERED

With living benefits added to your home mortgage protection.

Critical illness: Pays you a cash benefit if you have a serious major illness such as cancer, a stroke or heart attack, plus many more illnesses that are covered.

Chronic illness, accident or long-term care: Pays you a cash benefit if you've been diagnosed as chronically ill or after an accident, or you find yourself in need of long-term care.

Terminal illness: Pays you a cash benefit if you're diagnosed with a terminal illness and are told that your life expectancy is 12 to 24 months.

CONSIDER YOUR EXPENSES...

If something were to happen that causes you to lose your income, could you continue these monthly expenses if you didn't have an income?

- Mortgage
- Utilities
- Credit Cards
- Tuitions
- Automobiles
- Insurances
- Cell Phones
- Food

We offer policies that don't require a medical exam and will provide coverage that allows you to receive major cash benefits if you have a critical life event.

These policies are available as low as \$30 a month!
