## DISCLOSURE STATEMENT

#### MODIFIED ENDOWMENT CONTRACT

The Technical and Miscellaneous Revenue Act of 1988 created a new type of life insurance contract known as a Modified Endowment Contract (MEC). The 1988 law discourages the use of life insurance as an investment by giving less favorable tax treatment to policies classified as MECs. As indicated later in this disclosure, attempts by the owner to access tax-deferred cash values from a MEC (directly or indirectly) before the insured's death are taxed adversely (compared to a non-MEC policy).

Section 7702A of the Internal Revenue Code classifies a policy as a MEC if premiums paid into the policy exceed a certain limit in relation to the policy's death benefit (including any qualified additional benefits, such as a term rider). Premium payments are measured over a timeframe known as the "7-pay test period," and if cumulative premiums during any 7-pay test period exceed the 7-pay limit specified in Section 7702A, the policy is a MEC. A 7-pay test period normally starts on the policy's issue date and ends seven years after the issue date, unless there is a restart of the 7-pay test period due to a material change. Material changes that might generate a restart of the 7-pay test period include a requested increase in the death benefit or an addition of a qualified additional benefit under the contract. Any reduction in a qualified benefit level during any 7-pay test period will generally require the policy's 7-pay limit to be reduced retroactively to the start of that 7-pay test period (as if this reduced benefit level started when this 7-pay test period began). The lower 7-pay limit can cause the policy to become a MEC.

Once a policy becomes a MEC, any amount received or deemed to be received from the policy (other than a death benefit) is subject to the following adverse U.S. income tax treatment.

- 1) An amount distributed directly or indirectly from a MEC, such as cash distributions, withdrawals, loans, assignments, ownership changes or pledges will be considered taxable income until all gain, if any, has been distributed. A distribution made within two years prior to the failure of the 7-pay test will be considered a distribution made in anticipation of such a failure.
- 2) The taxable income amounts will be subject to a 10 percent penalty tax unless the owner is an individual who has attained age 59<sup>1</sup>/<sub>2</sub>, is disabled, or annuitizes the entire cash value. (If the owner is a corporation, trust or other entity, such proceeds are subject to the 10 percent penalty tax at any time.)

This adverse tax treatment is expanded by certain deemed tax treatment rules, which are designed to prevent an owner from avoiding adverse MEC treatment by attempting to gain access to the cash values via alternative methods before death. For instance, all MECs purchased by the same owner during the same calendar year from the same insurer are treated as one MEC. Therefore, any amount received or deemed received from any one of those MECs would be considered taxable income until all gain, if any, has been distributed from all of those MECs combined.

Death benefits from a MEC paid to the beneficiary after the insured's death are still treated as life insurance proceeds and are generally not subject to U.S. income tax.

Assurity does not give tax advice, and this disclosure should not be interpreted as tax advice. Rather, this disclosure is intended to alert you to the potential scope of the adverse U.S. tax treatment of any amounts received or deemed received from a MEC prior to death of the insured. Please consult with a qualified tax advisor if you have questions.

I acknowledge that I have read this disclosure statement and that I understand my plan of insurance with Assurity is a Modified Endowment Contract and therefore subject to special U.S. tax treatment as outlined above.

### ACCELERATED BENEFITS RIDER DISCLOSURE STATEMENT

#### BENEFITS PAID UNDER THIS RIDER MAY BE TAXABLE. YOU SHOULD CONSULT YOUR TAX ADVISOR TO DISCUSS THIS.

This rider provides an accelerated payment of life insurance proceeds under conditions specified in this rider. It is not intended to provide health, nursing home or long-term care insurance. Cash values, loan values, if any, and death benefits will be reduced if you receive an accelerated benefit. Benefit payments may affect qualifications for entitlement payments.

#### DEFINITIONS

**Eligible Proceeds** means the policy face amount of all in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity Life Insurance Company.

Benefit Amount means the portion of the Eligible Proceeds you elect to receive, adjusted by a variety of factors including:

- reduced life expectancy;
- insured's age and gender;
- expected future premiums;
- current dividends, if any; and
- interest rate. The maximum interest rate used will be no more than the greater of a) the current yield on 90-day treasury bills or b) the current maximum statutory adjustable policy loan interest rate.

We will also deduct a processing charge from the Benefit Amount. This charge will not exceed \$250. We will tell you what the charge is when you request this rider's benefit.

**Covered Condition** means heart attack, stroke, coronary artery surgery, life threatening cancer, renal failure, Alzheimer's disease, paraplegia, major organ transplantation or total and permanent disability.

Nursing Home means an institution which is not primarily a residential facility and which:

- is a Medicare-approved skilled nursing facility;
- is state-licensed as a skilled nursing or intermediate care facility; or
- meets all of the following:
  - is state-licensed as a Nursing Home;
  - primarily provides nursing care;
  - is supervised by a registered or licensed practical nurse;
  - keeps daily patient medical records; and
  - records and controls all medications it administers.

Terminally III means having an expected life span of 24 months or less. You must provide us with a doctor's certification of the insured's life expectancy.

#### RIDER BENEFIT

Subject to rider conditions, you may request to receive the Benefit Amount while the insured is alive if the insured qualifies for the Terminal Illness Option or Nursing Home Option. There are four types of rider conditions.

Conversion Conditions. These rider conditions concern which policies and riders you can convert to a Benefit Amount.

- You can combine all of your in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity.
- You can only convert one time per policy or rider.

Election Conditions. These rider conditions tell you how to elect this rider's benefit.

- You must request the rider benefit in writing.
- You must send the request for the rider benefit to our administrative office.
- You must send us the policies and riders you are converting with your request.
- You must provide us with a physician's statement.

Voluntary Conditions. This rider's benefit is only available if you take it on your own policy. You cannot exercise this rider if you are required:

- by law to use this rider to pay creditors' claims; or
- by the government to use this rider to receive a government benefit.

60-620-01155 (IL) Page 1 [R 10761.R.09.30.15]

#### **General Conditions.** You cannot elect this rider:

- during your policy's Contestable Period;
- within 2 years of your policy's final expiration date;
- if your policy is on extended term insurance; or
- if your policy is assigned or has an irrevocable beneficiary unless prior written acknowledgment to release is received by us.

**Terminal Illness Options.** This option lets you receive a Benefit Amount if the insured is Terminally Ill. If you do not want to receive the payment in a lump sum, you can be paid in 12 equal monthly payments. If you take 12 payments, we will pay interest of not less than 3 percent per year. If the insured dies before all 12 payments are made, we will pay the beneficiary the present value of future payments based on the monthly interest rate used to calculate the original payments.

**Nursing Home Option.** This option lets you receive the Benefit Amount if the insured:

- is in a Nursing Home due to a Covered Condition;
- has been in the Nursing Home for six consecutive months before you elect to receive the Benefit Amount; and
- is expected to stay in the Nursing Home until death.

You must prove all of the above to us. A doctor must certify the Nursing Home stay will last until death. If you do not want to receive a lump sum payment, you can receive monthly payments as follows:

| Attained Age of Insured | Payment Period in Years | Minimum Monthly Payment<br>Per \$1,000 of Benefit Base |
|-------------------------|-------------------------|--|
| Under 64                | 10                      | \$ 9.61  |
| 65 – 67                 | 8                       | 11.68  |
| 68 - 70                 | 7                       | 13.16  |
| 71 – 73                 | 6                       | 15.14  |
| 74 – 77                 | 5                       | 17.91  |
| 78 – 81                 | 4                       | 22.06  |
| 82 – 86                 | 3                       | 28.99  |
| 87+                     | 2                       | 42.86  |

We can set a maximum benefit, but it will be at least \$5,000. If the insured dies before all payments are made, we will pay the beneficiary the present value of future payments based on the interest rate used to calculate the original payment.

### **EFFECT ON POLICY**

Following the payment of the Benefit Amount, the policy will stay in force at a reduced amount. The reduction is the percentage of Eligible Proceeds used. For example, if you convert 25 percent of your policy's Eligible Proceeds, only 75 percent of the policy's face amount stays in force. The policy premium will be reduced to the premium that would apply had the policy been issued at the reduced amount. There will be no change in any policy or rider that was not part of the Eligible Proceeds. We will provide you with a revised policy schedule which reflects the reduction of all values applicable to the policy and all benefits the policy provides.

### **TERMINATION**

This rider will terminate on the earlier of the following dates:

- the date we approve your written request to accelerate benefits; or
- the date your policy terminates for any reason.

Accelerated Benefit payments may adversely affect your eligibility for Medicaid or other government benefits or entitlements.

### DISCLOSURE STATEMENT

#### MODIFIED ENDOWMENT CONTRACT

The Technical and Miscellaneous Revenue Act of 1988 created a new type of life insurance contract known as a Modified Endowment Contract (MEC). The 1988 law discourages the use of life insurance as an investment by giving less favorable tax treatment to policies classified as MECs. As indicated later in this disclosure, attempts by the owner to access tax-deferred cash values from a MEC (directly or indirectly) before the insured's death are taxed adversely (compared to a non-MEC policy).

Section 7702A of the Internal Revenue Code classifies a policy as a MEC if premiums paid into the policy exceed a certain limit in relation to the policy's death benefit (including any qualified additional benefits, such as a term rider). Premium payments are measured over a timeframe known as the "7-pay test period," and if cumulative premiums during any 7-pay test period exceed the 7-pay limit specified in Section 7702A, the policy is a MEC. A 7-pay test period normally starts on the policy's issue date and ends seven years after the issue date, unless there is a restart of the 7-pay test period due to a material change. Material changes that might generate a restart of the 7-pay test period include a requested increase in the death benefit or an addition of a qualified additional benefit under the contract. Any reduction in a qualified benefit level during any 7-pay test period will generally require the policy's 7-pay limit to be reduced retroactively to the start of that 7-pay test period (as if this reduced benefit level started when this 7-pay test period began). The lower 7-pay limit can cause the policy to become a MEC.

Once a policy becomes a MEC, any amount received or deemed to be received from the policy (other than a death benefit) is subject to the following adverse U.S. income tax treatment.

- 1) An amount distributed directly or indirectly from a MEC, such as cash distributions, withdrawals, loans, assignments, ownership changes or pledges will be considered taxable income until all gain, if any, has been distributed. A distribution made within two years prior to the failure of the 7-pay test will be considered a distribution made in anticipation of such a failure.
- 2) The taxable income amounts will be subject to a 10 percent penalty tax unless the owner is an individual who has attained age 59<sup>1</sup>/<sub>2</sub>, is disabled, or annuitizes the entire cash value. (If the owner is a corporation, trust or other entity, such proceeds are subject to the 10 percent penalty tax at any time.)

This adverse tax treatment is expanded by certain deemed tax treatment rules, which are designed to prevent an owner from avoiding adverse MEC treatment by attempting to gain access to the cash values via alternative methods before death. For instance, all MECs purchased by the same owner during the same calendar year from the same insurer are treated as one MEC. Therefore, any amount received or deemed received from any one of those MECs would be considered taxable income until all gain, if any, has been distributed from all of those MECs combined.

Death benefits from a MEC paid to the beneficiary after the insured's death are still treated as life insurance proceeds and are generally not subject to U.S. income tax.

Assurity does not give tax advice, and this disclosure should not be interpreted as tax advice. Rather, this disclosure is intended to alert you to the potential scope of the adverse U.S. tax treatment of any amounts received or deemed received from a MEC prior to death of the insured. Please consult with a qualified tax advisor if you have questions.

I acknowledge that I have read this disclosure statement and that I understand my plan of insurance with Assurity is a Modified Endowment Contract and therefore subject to special U.S. tax treatment as outlined above.

### ACCELERATED BENEFITS RIDER DISCLOSURE STATEMENT

#### BENEFITS PAID UNDER THIS RIDER MAY BE TAXABLE. YOU SHOULD CONSULT YOUR TAX ADVISOR TO DISCUSS THIS.

This rider provides an accelerated payment of life insurance proceeds under conditions specified in this rider. It is not intended to provide health, nursing home or long-term care insurance. Cash values, loan values, if any, and death benefits will be reduced if you receive an accelerated benefit. Benefit payments may affect qualifications for entitlement payments.

#### DEFINITIONS

**Eligible Proceeds** means the policy face amount of all in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity Life Insurance Company.

Benefit Amount means the portion of the Eligible Proceeds you elect to receive, adjusted by a variety of factors including:

- reduced life expectancy;
- insured's age and gender;
- expected future premiums;
- current dividends, if any; and
- interest rate. The maximum interest rate used will be no more than the greater of a) the current yield on 90-day treasury bills or b) the current maximum statutory adjustable policy loan interest rate.

We will also deduct a processing charge from the Benefit Amount. This charge will not exceed \$250. We will tell you what the charge is when you request this rider's benefit.

**Covered Condition** means heart attack, stroke, coronary artery surgery, life threatening cancer, renal failure, Alzheimer's disease, paraplegia, major organ transplantation or total and permanent disability.

Nursing Home means an institution which is not primarily a residential facility and which:

- is a Medicare-approved skilled nursing facility;
- is state-licensed as a skilled nursing or intermediate care facility; or
- meets all of the following:
  - is state-licensed as a Nursing Home;
  - primarily provides nursing care;
  - is supervised by a registered or licensed practical nurse;
  - keeps daily patient medical records; and
  - records and controls all medications it administers.

Terminally III means having an expected life span of 24 months or less. You must provide us with a doctor's certification of the insured's life expectancy.

#### RIDER BENEFIT

Subject to rider conditions, you may request to receive the Benefit Amount while the insured is alive if the insured qualifies for the Terminal Illness Option or Nursing Home Option. There are four types of rider conditions.

Conversion Conditions. These rider conditions concern which policies and riders you can convert to a Benefit Amount.

- You can combine all of your in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity.
- You can only convert one time per policy or rider.

Election Conditions. These rider conditions tell you how to elect this rider's benefit.

- You must request the rider benefit in writing.
- You must send the request for the rider benefit to our administrative office.
- You must send us the policies and riders you are converting with your request.
- You must provide us with a physician's statement.

Voluntary Conditions. This rider's benefit is only available if you take it on your own policy. You cannot exercise this rider if you are required:

- by law to use this rider to pay creditors' claims; or
- by the government to use this rider to receive a government benefit.

60-620-01155 (IL) Page 1 [R 10761.R.09.30.15]

#### **General Conditions.** You cannot elect this rider:

- during your policy's Contestable Period;
- within 2 years of your policy's final expiration date;
- if your policy is on extended term insurance; or
- if your policy is assigned or has an irrevocable beneficiary unless prior written acknowledgment to release is received by us.

**Terminal Illness Options.** This option lets you receive a Benefit Amount if the insured is Terminally Ill. If you do not want to receive the payment in a lump sum, you can be paid in 12 equal monthly payments. If you take 12 payments, we will pay interest of not less than 3 percent per year. If the insured dies before all 12 payments are made, we will pay the beneficiary the present value of future payments based on the monthly interest rate used to calculate the original payments.

**Nursing Home Option.** This option lets you receive the Benefit Amount if the insured:

- is in a Nursing Home due to a Covered Condition;
- has been in the Nursing Home for six consecutive months before you elect to receive the Benefit Amount; and
- is expected to stay in the Nursing Home until death.

You must prove all of the above to us. A doctor must certify the Nursing Home stay will last until death. If you do not want to receive a lump sum payment, you can receive monthly payments as follows:

| Attained Age of Insured | Payment Period in Years | Minimum Monthly Payment<br>Per \$1,000 of Benefit Base |
|-------------------------|-------------------------|--|
| Under 64                | 10                      | \$ 9.61  |

We can set a maximum benefit, but it will be at least \$5,000. If the insured dies before all payments are made, we will pay the beneficiary the present value of future payments based on the interest rate used to calculate the original payment.

### **EFFECT ON POLICY**

Following the payment of the Benefit Amount, the policy will stay in force at a reduced amount. The reduction is the percentage of Eligible Proceeds used. For example, if you convert 25 percent of your policy's Eligible Proceeds, only 75 percent of the policy's face amount stays in force. The policy premium will be reduced to the premium that would apply had the policy been issued at the reduced amount. There will be no change in any policy or rider that was not part of the Eligible Proceeds. We will provide you with a revised policy schedule which reflects the reduction of all values applicable to the policy and all benefits the policy provides.

### **TERMINATION**

This rider will terminate on the earlier of the following dates:

- the date we approve your written request to accelerate benefits; or
- the date your policy terminates for any reason.

Accelerated Benefit payments may adversely affect your eligibility for Medicaid or other government benefits or entitlements.

### ACCELERATED BENEFITS RIDER DISCLOSURE STATEMENT

#### BENEFITS PAID UNDER THIS RIDER MAY BE TAXABLE. YOU SHOULD CONSULT YOUR TAX ADVISOR TO DISCUSS THIS.

This rider provides an accelerated payment of life insurance proceeds under conditions specified in this rider. It is not intended to provide health, nursing home or long-term care insurance. Cash values, loan values, if any, and death benefits will be reduced if you receive an accelerated benefit. Benefit payments may affect qualifications for entitlement payments.

#### DEFINITIONS

**Eligible Proceeds** means the policy face amount of all in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity Life Insurance Company.

Benefit Amount means the portion of the Eligible Proceeds you elect to receive, adjusted by a variety of factors including:

- reduced life expectancy;
- insured's age and gender;
- expected future premiums;
- current dividends, if any; and
- interest rate. The maximum interest rate used will be no more than the greater of a) the current yield on 90-day treasury bills or b) the current maximum statutory adjustable policy loan interest rate.

We will also deduct a processing charge from the Benefit Amount. This charge will not exceed \$250. We will tell you what the charge is when you request this rider's benefit.

**Covered Condition** means heart attack, stroke, coronary artery surgery, life threatening cancer, renal failure, Alzheimer's disease, paraplegia, major organ transplantation or total and permanent disability.

Nursing Home means an institution which is not primarily a residential facility and which:

- is a Medicare-approved skilled nursing facility;
- is state-licensed as a skilled nursing or intermediate care facility; or
- meets all of the following:
  - is state-licensed as a Nursing Home;
  - primarily provides nursing care;
  - is supervised by a registered or licensed practical nurse;
  - keeps daily patient medical records; and
  - records and controls all medications it administers.

Terminally III means having an expected life span of 24 months or less. You must provide us with a doctor's certification of the insured's life expectancy.

#### RIDER BENEFIT

Subject to rider conditions, you may request to receive the Benefit Amount while the insured is alive if the insured qualifies for the Terminal Illness Option or Nursing Home Option. There are four types of rider conditions.

Conversion Conditions. These rider conditions concern which policies and riders you can convert to a Benefit Amount.

- You can combine all of your in-force life insurance coverage on the life of the insured from all policies and riders issued by Assurity.
- You can only convert one time per policy or rider.

Election Conditions. These rider conditions tell you how to elect this rider's benefit.

- You must request the rider benefit in writing.
- You must send the request for the rider benefit to our administrative office.
- You must send us the policies and riders you are converting with your request.
- You must provide us with a physician's statement.

Voluntary Conditions. This rider's benefit is only available if you take it on your own policy. You cannot exercise this rider if you are required:

- by law to use this rider to pay creditors' claims; or
- by the government to use this rider to receive a government benefit.

#### **General Conditions.** You cannot elect this rider:

- during your policy's Contestable Period;
- within 2 years of your policy's final expiration date;
- if your policy is on extended term insurance; or
- if your policy is assigned or has an irrevocable beneficiary unless prior written acknowledgment to release is received by us.

**Terminal Illness Options.** This option lets you receive a Benefit Amount if the insured is Terminally Ill. If you do not want to receive the payment in a lump sum, you can be paid in 12 equal monthly payments. If you take 12 payments, we will pay interest of not less than 3 percent per year. If the insured dies before all 12 payments are made, we will pay the beneficiary the present value of future payments based on the monthly interest rate used to calculate the original payments.

**Nursing Home Option.** This option lets you receive the Benefit Amount if the insured:

- is in a Nursing Home due to a Covered Condition;
- has been in the Nursing Home for six consecutive months before you elect to receive the Benefit Amount; and
- is expected to stay in the Nursing Home until death.

You must prove all of the above to us. A doctor must certify the Nursing Home stay will last until death. If you do not want to receive a lump sum payment, you can receive monthly payments as follows:

| Attained Age of Insured | Payment Period in Years | Minimum Monthly Payment<br>Per \$1,000 of Benefit Base |
|-------------------------|-------------------------|--|
| Under 64                | 10                      | \$ 9.61  |

| 87+                     | 2                       | 42.86  |
