LifeScape® Whole Life Insurance

Protection Spanning a Lifetime of Needs

Planning for the future can be exciting – if you're prepared. Whether you're newly married, raising a family, buying a home, starting a business or looking ahead to retirement, you'll face many major decisions.

Buying life insurance is one of the most important decisions you'll make for those you care about most.

LifeScape® Whole Life Insurance from Assurity Life provides affordable, permanent life insurance protection for as long as you live – plus accumulation of cash values to help you meet other financial goals during your lifetime.

A LifeScape policy can help you face the future with confidence. You'll know those who depend on you will be taken care of, even in the event of your untimely death.

Security and guarantees

Economic uncertainty and unpredictable markets have become the reality of our financial environment. Regardless of the economic climate, it makes sense to place your confidence in a LifeScape Whole Life policy that provides the security of guarantees and the flexibility to adapt to your changing needs.

With LifeScape Whole Life, you can count on these guarantees:

- ▶ **Level premiums** – Your premiums will not increase as you get older, even if your health changes.
- ▶ **Cash value** – The growth of your policy values is guaranteed at a competitive rate.
- ▶ **Coverage amount** – Your policy's death benefit will never decrease, if premiums are paid when due.

Proven financial protection

Financial obligations multiply quickly for families with young children. Whether you're the main breadwinner or part of a two-income household, your family depends on your ability to earn a living.

A premature death usually creates an immediate need for cash to cover funeral costs, unpaid medical expenses and possibly the costs of settling an estate.

Where would your loved ones find the money to pay for these unplanned expenses, plus regular monthly bills, if you weren't here?

A LifeScape Whole Life policy provides immediate funds to help replace lost income and cover expenses at an extremely difficult time – to help your loved ones get back on their feet and plan for the future.

Income tax-free death benefits

A unique advantage of life insurance is that death proceeds are paid to your beneficiary **free of income tax**. Every dollar is available to meet your family's needs and help maintain their lifestyle.

Tax-deferred growth for future needs

What about the future – the hopes and dreams you've nurtured? LifeScape Whole Life Insurance also builds values that can help you achieve your long-range financial goals.

Your LifeScape policy accumulates cash value which, under current tax law, will not be taxed as it grows. Therefore, your funds may compound even faster without the drain of income taxes, as long as your policy is in force.

This cash value is available to you, through policy loans or dividend withdrawals, for any purpose, including:

- ▶ Educational expenses
- ▶ Emergency needs
- ▶ Starting a business or a new career
- ▶ Supplemental retirement income

Dividends

Your LifeScape policy also earns dividends, which offer additional potential for growth.* You elect how to use these dividends – increase your cash value, purchase additional paid-up coverage or reduce your premium, or receive them in cash.

Versatility for a lifetime of needs

Every stage of your life brings new commitments, responsibilities and financial requirements. Adding riders to your LifeScape policy is an economical way to design the coverage that best suits your current and future needs – protection for yourself, for you and your spouse and/or children, or for your business.

A LifeScape policy can do even more than provide funds in the event of death. If you are unable to work because of a disability, the optional Monthly Disability Income Rider or Accident Only Disability Income Rider can provide a monthly benefit to help replace lost income. The optional Critical Illness Benefit Rider can reduce the financial stress of a major illness by putting money in your pocket when you need it most.

LifeScape Whole Life can be an effective tool for estate planning – to provide funds for estate expenses, intergenerational wealth transfer, preservation of family assets or charitable giving.

For business owners, the protection of a LifeScape policy can assure that a company will have the finances to continue to operate after the owner's death. It's an excellent choice for funding buy-sell agreements, protection against loss of key employees and as an executive fringe benefit.

Owning a LifeScape Whole Life policy is like having multiple products in one.
