Life Insurance and Optional Benefit Riders

LifeScape®

*Financial protection for your life...
and your livelihood*

Assurity®
Life Insurance Company

Providing for your loved ones when you can't

A versatile LifeScape® life insurance policy from Assurity Life helps you build a solid foundation for your family's financial future. When you own a LifeScape Whole Life or Term Life policy, you have peace of mind in knowing your loved ones will be taken care of, even if you are not able to provide for them.

Financial protection for your life

What would happen to your family if you were to die prematurely? Where would they find the money to pay for unplanned expenses, as well as routine monthly bills?

A LifeScape policy provides the necessary funds to replace lost income and help your loved ones maintain their lifestyle if you're not there.

Providing financial security for those who depend on you is your first priority when you purchase life insurance. However, a LifeScape policy can do more than provide funds in the event of death.

A LifeScape policy's optional benefit riders can protect both your life *and* your livelihood.

Protect your livelihood

How long could you pay your mortgage and other living expenses if an accident or serious illness kept you from working?

If you are unable to work because of a disability, you can simply protect your paycheck with a monthly benefit from either an optional **Monthly Disability Income** or **Accident Only Disability Income Benefit Rider**.

- Issue ages: 18 through 60
- Monthly benefit: \$300 through \$3,000
- Benefit period: 2 years
- Elimination period: 90 days

Disability isn't just something that happens to someone else. Studies show that 43 percent of all people age 40 will have a long-term disability event prior to age 65.*

Wouldn't you rather receive a check than a get well card?

What would a check for \$25,000, or \$50,000, or \$100,000 mean to you if you were stricken with a heart attack, stroke, cancer or a serious illness?

The optional **Critical Illness Benefit Rider** available on Assurity's LifeScape policies is an affordable solution that can reduce the financial stress of a major illness by putting money directly into your pocket when you need it most.

- Issue ages: 18 through 65
- Benefit amounts: \$20,000 through \$150,000

Upon first diagnosis of a covered condition, you receive a lump-sum benefit that can be used for whatever purpose you decide.

* GenRe Disability Fact Book 2013-2014

- You may receive multiple benefits in three different categories, including heart/stroke, cancer and other illnesses.
- Benefits do not decrease the policy's death benefit but are paid over and above, so your life insurance benefit remains intact.

Critical illness insurance meets a need not covered by any other product. Over 62 percent of personal bankruptcies in the U.S. are due to a medical condition, according to a study released in 2007 by Harvard University. Surprisingly, more than three-fourths of the medically bankrupt families studied **had health insurance** at the time of diagnosis.
